FARMERS WANTED.

Southern Pacific Railroad Will Send Agents East of the Mississippi to Secure Settlers for Lands Along its Lines West.

Chicago, Feb. 1.—Officials of the traffic departments of the Southern Pacific, Union Pacific and their allied lines are meeting here with a view to perfecting the largest colonization plan ever attempted by western roads. It is the purpose of the men controlling the Harriman lines to provide millions of acres of fertile and unoccupied lands in Southern California, Texas and Western Louisiana for settlers. The general plan will be to send into the middle and eastern states and possibly to some of the northwestern states fully 10,000 immigrant or colonization agents whose duty it shall be to induce immigration to the territory mentioned. Officials who are arranging the details of the plan are J. C. Stubbs, traffic director for the Harriman lines; General Passenger Agent Lomax of the Union Pacific; S. F. B. Morse, assistant traffic manager of the Texas lines of the Southern Pacific, and B. Campbell, traffic manager of the Oregon Railroad and Navigation company.

"In the Southwest," said Mr. Morse, "we have over 3,000,000 acres of fertile land which would make good homes for industrious people. We believe that no section of the United States has a more brilliant future than Texas and western Louisiana, and we are convinced that all that is necessary is to let the public know what we have got."

It is announced that within a short time every one of the 10,000 or more agents will be at work through the states east of the Mississippi river, from time to time home-seekers' excursions will be run to the territories mentioned and special inducements will be offered to get the public to visit the southwest and southern California.

LAST RAIL LAID.

Rock Island Has a Through Line from Kansas City to El Paso.

Kansas City, Mo., Feb. 1.—The Chicago, Rock Island and Pacific railroad's new line to El Paso, placing Kansas City nearer to Mexico and California is completed, the last rail having been laid at the Pecos river in Texas. The line, it is stated, will be opened for through traffic within thirty days. Through tourist trains will be run to California at once, but the more extended system contemplated will not be put in active operation until next fall. Expensive equipment for this line is now being built at the Pullman shops.

Vice President Parker states that the Rock Island is preparing to enter Kansas City over its own tracks and that it will use the Bates bridge when it shall be completed.

Socialists Denounce Arbitration.

New York, Feb. 1.—At a meeting of delegates representing fifty-two Socialist labor unions which are opposed to the present plans for arbitration between capital and labor, President Gompers of the American Federation of Labor, was vigorously denounced for his connection with the arbitration committee of the National Civic Federation. A meeting has been called for February 13 at Cooper Union. Presidents Gompers, Mitchell and Shaffer have been invited to be present and explain their attitude.

Eight Persons Injured.

Syracuse, N. Y., Feb. 1.—In a collision near here between the West Shore National express, eastbound and a switch engine, eight persons were injured, as follows: Charles W. Snow, Jackson, Mich.; William Martin, engineer, serious; Samuel Seabury, fireman, serious; George W. Brown, Lowell, Mass.; J. R. Skinner, New York; Louisa Van Zandt, Syracuse; E. Andrew Smith, Fayetteville; S. F. Sherman, Utica.

Burglars Get Silverware.

New York, Feb. 1.—Burglars succeeded in forcing an entrance to the establishment of the Meriden Britannia company and are supposed to have carried away a wagonload of silverware. The loss is estimated at \$5000. In its boldness the robbery was startling as the store is situated in one of the city's busiest sections.

First Dividend Declared.

New York, Feb. 1.—It is stated that a dividend of 1 per cent has been declared by the directors of the Northern Securities company and that checks already have been mailed. It is understood to be payable to holders of record Jan. 31, and is the first dividend paid by the new company.

Congressional Proceedings.

Washington, Feb. 1.—An extended speech upon the pending Philippine tariff bill was delivered in the senate Friday by Mr. Morgan of Alabama who devoted his attention particularly to an amendment to it which he offered last week. He maintained that the bill as it now stands would not be constitutional, and said, with the adoption of his amendment, the bill would stand the closest scrutiny of the

SENATOR JOHN T. MORGAN.

courts. The Alabama senator did not discuss the political phases of the Philippine question, devoting his entire speech to the legal and constitutional questions raised by the presentation of the tariff measure.

The house Friday prepared to defend itself against what it considered the threatened invasion by the senate of its prerogative in the matter of revenue legislation by directing the ways and means committee to investigate the subject and report to the house its conclusions. The action of the house was the outgrowth of the agitation in the senate of the claim that reciprocity treaties affecting the customs revenues can be negotiated without the concurrence of the house. Mr. Richardson, the minority leader, sought to have the house adopt a declaration upon the subject without waiting for the senate to commit an overt act, but the majority leaders were opposed to hasty action and his resolution was referred to the ways and means committee.

Several private claims bills were passed.

Banishment from Territory.

Washington, Feb. 1.—Representative Stephens introduced a resolution Friday providing for the appointment of a committee of five to investigate and ascertain the cause inducing the secretary of the interior and the commissioner of Indian affairs to issue ex parte orders banishing certain persons from the Indian Territory for refusing to pay taxes to the Indian tribes and to ascertain why certain citizens of the United States have been unlawfully and forcibly removed from the Indian Territory on the ex parte order of the secretary of the interior and the commissioner of Indian affairs, and if so, to suggest legislation to prevent such outrages.

and he knows he can make a success of growing it, but he does not feel sufficiently assured of profitable shipping to risk growing much produce unless a cannery is here to buy it in case shipping does not pay. He says he will plant and grow truck if a cannery is put in operation at Bryan.

The Eagle does not agree with the idea that the truck business will not pay, better than cotton, without a cannery. We believe that, even without a cannery, if the farmers would study the raising and marketing of good produce, they would make good money out of it. The secretary of the Brazos County Truck Growers' association is just now in receipt of information from reliable sources that early sugar corn, for instance, sold in the Chicago markets last June, from the 1st to the 13th, at \$1.25 per third bushel box, and the market was never supplied. This corn cannot be grown very successfully much south of Bryan, hence we can get into market about as early with this product as any country that can raise it. \$3.75 per bushel for corn ought certainly to be enough to satisfy any ordinary farmer. Of course, the cost of transportation would come out of this, but, taking that out, enough would be left to make an acre of sugar corn pay about as much as ten acres of cotton, and there is no risk in it, for if there should be a poor market, it is as fine stock feed as can be grown. Snap beans—so the secretary, Mr. Simpson, finds—can be sold at a fine profit, and there are plenty of other crops that would pay well enough.

Yet there will be great difficulty in getting sufficient acreage in truck crops to give a fair test of the business without a cannery to back up the plan of selling in foreign markets. With a cannery, many men will plant truck crops who would not without it. So let us have a cannery. The subject will be up before the Business league for final settlement on Tuesday night, February 11, and it must be settled at once, one way or the other. Experts will be on hand to thoroughly elucidate the subject. If a cannery is to be put in operation this year, it must be gotten up at once. That it will pay, is only a question of intelligent management.

Let us have the cannery.

TRIAL OF PATRICK.

More Witnesses Give Testimony as to Rice's Signature.

New York, Feb. 1.—Arthur B. Cohn was under cross-examination Friday at the trial of Albert T. Patrick. Cohn was clerk for W. M. Rice and was his business representative in Houston, Tex. William L. Jones, brother of the valet, Charles F. Jones, was called to the witness stand. He said he was captain of a schooner trading between Buffalo bayou and Trinity river in Texas. The defense objected to the testimony from him as to a letter written by him to his brother on the ground that conspiracy between the valet and the prisoner had not been shown. The recorder overruled the objection, and the prosecution proceeded to examine him as to the chloroform he is alleged to have purchased for his brother.

The defense objected again and Mr. Osborne explained that he had shown that Mr. Rice was poisoned and that the defendant was in possession of the fruits of the crime. The recorder sustained the objection.

Joseph J. Pastoriza of Houston was not allowed to testify as to a conversation he had with Rice in 1890 and left the stand without being heard.

Henry Oliver, now of Montreal, but formerly general manager of the Merchants and Planters' company of Houston, Tex., said he knew Mr. Rice and that Mr. Rice owned 75 per cent of the company's stock. The questions put to this witness were for the purpose of establishing the proposition that Rice just prior to his death intended drawing his money from banks in New York to meet a draft he had authorized the oil company to draw. Recorder Goff ruled that the assistant district attorney had not laid proper foundations for the testimony. Mr. Osborne remedied the defect to the satisfaction of the court, and the witness said his company made a draft on Rice. The draft itself was ruled out by the recorder when offered in evidence.

At the afternoon session Mr. Oliver said that in his judgment the signatures to the 1900 will and to checks in dispute were not in the handwriting of Mr. Rice. The signatures to the 1896 will he declared to be genuine.

District Attorney Osborne again ordered the 1896 will as evidence and again it was ruled out. The witness was not permitted to tell of a conversation with Rice in April, 1900, concerning the suits over Mrs. Rice's will.

New York, Feb. 1.—The Somerset Coal company with a \$4,000,000 capital, has been organized in this city. The new company has, it is announced, taken possession of the following properties: Cumberland and Elk Lick Coal company; Duncombe Mine; Cumberland and Summit Coal company; Althouse Mines at Allegheny; Enterprise Coal company; Caselman Coal company; Listie Coal company; Pine Hill Coal company; Stuart Coal company; Tub Hill mine; Chapman mine; Wilmoth mine; Thomas mine and Wilson Creek. These properties are all located on the Baltimore and Ohio railroad in Pennsylvania.

Canton Without Heating Gas.

Canton, O., Feb. 1.—Canton people are shivering owing to a break in the natural gas mains. The break was reported in Wetzel county, West Virginia, Friday morning, but until Friday evening the supply at low pressure continued in the residences, shops, and large buildings having been cut off early in the day the supply was entirely cut off. Probably several thousand houses in the city have no other heat and much inconvenience is being experienced.

British Steamer Ashore.

New York, Feb. 1.—In a blinding snowstorm the British steamer Cavour of Liverpool, belonging to the Lamport and Holt line, in command of Captain Kelly, went ashore at Long Beach about 18 miles east of Sandy Hook. The crews of the Point Lookout and Long Beach life saving stations went to the stranded vessel and found it in no immediate danger. The captain and crew decided to remain on board during the night.

Birds Kill Insects.

Paris, Tex., Feb. 1.—Col. T. M. Scott, a successful farmer of Collin county, has written a letter to Judge William Hodges commending the call for the anti-bill worm meeting. He says the great trouble in Texas is the ruthless slaughter of insect-eating birds, and that unless we have legislation to protect the birds the worms of all kinds will increase in number and inflict more damage year by year.

Storm in English Channel.

London, Feb. 1.—The storm in the English and Irish channels is unabated, numerous minor wrecks have occurred, frequent reports have been received of men washed overboard, and crews of the lifeboats and rocket apparatus have been kept busy. The British armored cruiser Immortale encountered terrific weather. Many fishermen are reported drowned.

Tom Morris Hanged.

Corsicana, Tex., Feb. 1.—Tom Morris was hanged here Friday for the murder of William G. Broome near this city Jan. 1, 1900. The last words which Morris uttered as he stood on the trap with the black cap over his head, were: "I am hanged to-day for another man's crime."

New Incorporations Falling Off.

New York, Feb. 1.—In the matter of new incorporations in the eastern states the first month of 1902 was not up to the recent record. The grand total was \$176,950,000. Of this amount New Jersey secured \$83,000,000.

Have a Fit in a shirt!

By this we do not mean for you to have an apoplectic stroke with your shirt on—but for you to let us make you a shirt to measure, that we guarantee to fit. This we can positively do and at prices that will suit you—not high prices as are generally looked for in having shirts made to measure but prices about the same as you would pay for a good standard make of shirt. We have a full line of samples (any pattern you could desire) which you are cordially invited to call and inspect, and if they suit you give us an order for a quarter or half dozen and—HAVE A FIT, that will please you. Now is the time to order your spring shirts.

Men's Furnishings.

The tobacco growers at Willis have petitioned the secretary of agriculture to establish an experiment station in that section for the benefit of the tobacco industry. The production of tobacco in this field has fallen off materially during the last year or two, not because the farmers did not know how to grow and cure it, but because when grown and cured they could not sell it for a fair price. A correspondent of the Houston Post says this difficulty is the work of the tobacco trust in cutting off competition among buyers and forcing producers to sell to the parties designated by the trust and no other, and at whatever price the trust sees fit to offer. This thing might possibly be looked into by our official octopus hunters.—Farm and Ranch.

A petition signed by 211,604 American citizens is to be forwarded to congress asking that body to pass a resolution expressing the sympathy of the American people for the suffering, but brave and patriotic, Boers. Probably more than nine-tenths of the American people really sympathize with the Boers, but as the government does not, the resolution will not be passed.—Farm and Ranch.

R. L. Henry and Cullen F. Thomas are in the race for congress in the Waco district. The real fight between them will come off in McLennan county, and the Waters-Pierce re-admission will be the issue.

The university regents have adopted plans for a woman's building and made an appropriation to secure adequate protection for the State university against fire.

The machinery of the Gonzales cotton mill has been put in motion. Live towns all over Texas are securing cotton mills.

The Farmers Want a Cannery.

The Eagle has interviewed quite a number of farmers within the last month on truck growing, and we find a great many who answer that they will not go into it unless a cannery is started at Bryan.

Mr. J. W. Massey of Reliance, seen yesterday, expressed about the prevailing opinion on the subject of those farmers who are not in the truck growers' association. Mr. Massey says that he can grow the stuff without a bit of doubt in the world, that his land is suitable for it

and he knows he can make a success of growing it, but he does not feel sufficiently assured of profitable shipping to risk growing much produce unless a cannery is here to buy it in case shipping does not pay. He says he will plant and grow truck if a cannery is put in operation at Bryan.

The Eagle does not agree with the idea that the truck business will not pay, better than cotton, without a cannery. We believe that, even without a cannery, if the farmers would study the raising and marketing of good produce, they would make good money out of it. The secretary of the Brazos County Truck Growers' association is just now in receipt of information from reliable sources that early sugar corn, for instance, sold in the Chicago markets last June, from the 1st to the 13th, at \$1.25 per third bushel box, and the market was never supplied. This corn cannot be grown very successfully much south of Bryan, hence we can get into market about as early with this product as any country that can raise it. \$3.75 per bushel for corn ought certainly to be enough to satisfy any ordinary farmer. Of course, the cost of transportation would come out of this, but, taking that out, enough would be left to make an acre of sugar corn pay about as much as ten acres of cotton, and there is no risk in it, for if there should be a poor market, it is as fine stock feed as can be grown. Snap beans—so the secretary, Mr. Simpson, finds—can be sold at a fine profit, and there are plenty of other crops that would pay well enough.

Yet there will be great difficulty in getting sufficient acreage in truck crops to give a fair test of the business without a cannery to back up the plan of selling in foreign markets. With a cannery, many men will plant truck crops who would not without it. So let us have a cannery. The subject will be up before the Business league for final settlement on Tuesday night, February 11, and it must be settled at once, one way or the other. Experts will be on hand to thoroughly elucidate the subject. If a cannery is to be put in operation this year, it must be gotten up at once. That it will pay, is only a question of intelligent management.

Let us have the cannery.

TRIAL OF PATRICK.

More Witnesses Give Testimony as to Rice's Signature.
New York, Feb. 1.—Arthur B. Cohn was under cross-examination Friday at the trial of Albert T. Patrick. Cohn was clerk for W. M. Rice and was his business representative in Houston, Tex. William L. Jones, brother of the valet, Charles F. Jones, was called to the witness stand. He said he was captain of a schooner trading between Buffalo bayou and Trinity river in Texas. The defense objected to the testimony from him as to a letter written by him to his brother on the ground that conspiracy between the valet and the prisoner had not been shown. The recorder overruled the objection, and the prosecution proceeded to examine him as to the chloroform he is alleged to have purchased for his brother.

The defense objected again and Mr. Osborne explained that he had shown that Mr. Rice was poisoned and that the defendant was in possession of the fruits of the crime. The recorder sustained the objection.

Joseph J. Pastoriza of Houston was not allowed to testify as to a conversation he had with Rice in 1890 and left the stand without being heard.

Henry Oliver, now of Montreal, but formerly general manager of the Merchants and Planters' company of Houston, Tex., said he knew Mr. Rice and that Mr. Rice owned 75 per cent of the company's stock. The questions put to this witness were for the purpose of establishing the proposition that Rice just prior to his death intended drawing his money from banks in New York to meet a draft he had authorized the oil company to draw. Recorder Goff ruled that the assistant district attorney had not laid proper foundations for the testimony. Mr. Osborne remedied the defect to the satisfaction of the court, and the witness said his company made a draft on Rice. The draft itself was ruled out by the recorder when offered in evidence.

At the afternoon session Mr. Oliver said that in his judgment the signatures to the 1900 will and to checks in dispute were not in the handwriting of Mr. Rice. The signatures to the 1896 will he declared to be genuine.

District Attorney Osborne again ordered the 1896 will as evidence and again it was ruled out. The witness was not permitted to tell of a conversation with Rice in April, 1900, concerning the suits over Mrs. Rice's will.

Big Coal Company Organized.

New York, Feb. 1.—The Somerset Coal company with a \$4,000,000 capital, has been organized in this city. The new company has, it is announced, taken possession of the following properties: Cumberland and Elk Lick Coal company; Duncombe Mine; Cumberland and Summit Coal Coal company; Althouse Mines at Allegheny; Enterprise Coal company; Casselman Coal company; Listie Coal company; Pine Hill Coal company; Stuart Coal company; Tub Hill mine; Chapman mine; Wilmoth mine; Thomas mine and Wilson Creek. These properties are all located on the Baltimore and Ohio railroad in Pennsylvania.

Canton Without Heating Gas.

Canton, O., Feb. 1.—Canton people are shivering owing to a break in the natural gas mains. The break was reported in Wetzel county, West Virginia, Friday morning, but until Friday evening the supply at low pressure continued in the residences, shops, and large buildings having been cut off early in the day the supply was entirely cut off. Probably several thousand houses in the city have no other heat and much inconvenience is being experienced.

British Steamer Ashore.

New York, Feb. 1.—In a blinding snowstorm the British steamer Cavour of Liverpool, belonging to the Lamport and Holt line, in command of Captain Kelly, went ashore at Long Beach about 18 miles east of Sandy Hook. The crews of the Point Lookout and Long Beach life saving stations went to the stranded vessel and found it in no immediate danger. The captain and crew decided to remain on board during the night.

M. & P. BANK CHANGE.

At a meeting held Friday night, the Merchants' and Planters' National bank of Bryan was partially re-organized. Ed Hall was elected cashier, and A. W. Wilkerson of Austin assistant cashier, effective March 1. In the meantime, Mr. Hall has assumed the duties of paying teller. J. W. English remains president and M. D. Cole vice president. The directors are J. W. English, M. D. Cole, G. S. Parker, A. D. McConico, Ed Hall and W. L. Zulch.

The re-organization was the result of a change in the personnel of the stockholders. The stock heretofore owned by Col. M. T. Patrick and others in Waxahachie and Dallas has been purchased by M. Parker, G. S. Parker, Ed Hall, Mrs. O. H. Astin, J. R. and E. H. Astin and A. W. Wilkerson.

Mr. Ed Hall, the cashier-elect, is too well known to the people of Bryan and vicinity, and in business circles generally, to need a word of introduction or commendation from us. He is well equipped for his new duties and enjoys to the fullest extent the esteem and confidence of the public. Mr. Wilkerson, the assistant cashier, is a thorough business man, well versed in banking affairs, having been assistant cashier of the City National bank of Austin for the past thirteen years.

Friends of the bank are pleased to note that Mr. A. D. McConico, the retiring cashier, remains a member of the board of directors. His connection with the bank, extending over a period of several years, has been marked by faithful and efficient service which has strengthened and popularized the institution. To him the thanks of many are due for help in time of need, and many business enterprises in Bryan owe much of their present success to the M. & P. bank during his tenure as cashier. No man ever in business in Bryan is held in higher esteem personally or as a capable business man, and, as a banker, he is recognized at home and throughout the state as having few, if any, superiors.

The capital of the bank is now entirely in the hands of home people and the institution is therefore on a better footing than ever before in its history. It is generally known, of course, that the strength of a bank is estimated by the financial standing of its stockholders, and, judged by this rule, the M. & P. bank is one of the strongest in the state, of \$100,000 capital stock.

Business Change.

I have this day sold to Mr. George A. Adams my insurance agency, he assuming all liabilities and collecting all outstanding accounts due same.

Thanking my patrons and friends for past favors and bespeaking for my successor your kindest consideration, I am, Very respectfully, A. L. Banks.

With reference to the above, I beg to say that the business will be conducted with the same carefulness and promptness in the future as in the past. Soliciting a continuance of business now entrusted, I beg to remain, Very respectfully, Geo. A. Adams.

Bryan, Texas, Feb. 1, 1902.

Mardi Gras at New Orleans.

On February 5, 6, 7, 8, 9 and 10, the H. & T. C. railroad will sell round trip tickets to New Orleans; fare, \$18.40. Tickets must be stamped in New Orleans on or before February 17, 1902, for return. Transit limit each direction one day.

The truck growers had an informal meeting at the court house yesterday, and while the attendance was extremely light, yet those who were present did business right along. About \$70.00 was taken in by the secretary on orders for seed, including some received a day or two previous. The business is now moving on at a very encouraging pace, and there will be some carload shipments from here next summer if indications count. Beans and corn are the principal seeds being ordered now.

Drs. Cole, Scott & Roberts, specialists, (Eye, Ear, Nose and Throat) of Waco and Marlin. One of the Doctors will be in Bryan the first Monday in each month at the Exchange Hotel.

Wanted—By a boy, any honest work in town or country. Address M. box 37, Bryan, Texas.

W. L. Wyatt of Bryan leaves this morning to visit his sister at Thornton.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

Man Frozen in Ice Restored.
Trinidad, Colo., Feb. 1.—Two Austrians met under the West Main street bridge in a wrestling match to see which could put the other under the ice. They disrobed and Charles Penosa was forced under by his opponent. He was unable to get out and froze fast. He was discovered later by two men who thought he was dead. Restoratives brought him to life, however, and it is thought he will live.

Spurious Butter Seized.
New York, Feb. 1.—E. J. H. Kracke, assistant commissioner of agriculture of the state of New York, has announced the seizure of a quantity of alleged spurious butter and an illicit "mixing" plant in Jersey City. One arrest was made by United States internal revenue officers. The alleged butter was sold on the east and west sides among the poor classes of this city.

FUGITIVES CAPTURED

The Biddles and Mrs. Soffel Run Down in Pennsylvania.

OFFICERS OPEN FIRE

One of the Biddles Dead, Another Dying and the Woman Who Aided Them in Breaking Jail Is Slightly Wounded.

Pittsburg, Feb. 1.—Edward Biddle die in jail, dying. John Biddle riddled with bullets and buckshot and in a precarious condition, and Mrs. Peter K. Soffel lying in the hospital with a self-inflicted bullet wound in the breast, is the sequel of the sensational escape of the Biddles from the penitentiary, aided by Mrs. Soffel, the wife of the jail warden, on Thursday morning.

The story of the close of the Biddle tragedy is thrilling. The scene was a snow-covered road two miles east of Prospect, Butler county, and the exact place was at McClure's barn, where two double team sleighs filled with eight officers, three of them Pittsburg detectives, overtook the Biddles in a one-horse sleigh, stolen at Perrysville.

Mrs. Soffel's wound was through the breast.

Edward Biddle was shot in the left arm and in the breast and in one leg. John Biddle was riddled with buckshot in the breast and head.

The Biddles and Mrs. Soffel ate dinner at J. J. Stevens' at Mount Chestnut, five miles east of Butler. They had made a detour of two towns of Butler and after going several miles east, turned north and then west. The Pittsburg officers, only a few miles in the rear, took the wrong road for about eight miles but when they found their mistake, they made up for lost time by telephoning and telegraphing ahead for fresh horses. They reached Mount Chestnut not less than half an hour after the Biddles and Mrs. Soffel. At this point they secured fresh horses.

The two sleighs with the eight officers aboard, started westward and met the Biddles and Mrs. Soffel at McClure's barn, two miles from Mount Prospect, the Biddles having learned that they were almost overtaken and taking what they considered the only chance they had driven eastward and met their doom.

When the detectives and officers came within 60 yards of the fugitives they opened fire with Winchesters. The Biddles promptly answered with shotguns. Mrs. Soffel, too, stood up in the sleigh with a revolver in each hand and blazed away at her pursuers. When Edward Biddle fell, and she saw she was about to be captured she fired a bullet into her breast. An examination by physicians shows that she will recover, as the bullet was deflected by her corset, and the wound is comparatively slight.

Edward Biddle got a bullet in the right breast which penetrated the lung, and which will probably end his life.

John Biddle may recover, his wounds though numerous, failing to reach a vital spot.

The escape of the officers is miraculous. The Biddles have demonstrated on several occasions that they are good marksmen, and why they should have failed to bring down their men is a mystery.

After the Biddles fell, the officers picked up the apparently lifeless body of Mrs. Soffel and the bodies of the Biddles and came back to Butler.

CAPTURE OF THE BIDDLES

Edward Biddle Will Die, but John Biddle and Mrs. Soffel Will Recover.

Butler, Pa., Feb. 1.—Edward Biddle is so badly wounded that his death is expected any moment. Mrs. Soffel had an operation performed on her, and is doing fairly well. John Biddle's condition is good and he may recover.

Mrs. Soffel tells two different stories of the shooting; one to the effect she shot herself during the fight, and the other that she was shot by Edward Biddle. The bullet did not go through her outer garment, which indicates the shot was fired by herself, or by Biddle by putting the pistol up under his coat.

A legal battle is expected when Pittsburg authorities arrive, and, it is said, the only way the Pittsburg officer will be able to secure the Biddles will be by writ of habeas corpus. Butler authorities are determined to fight against their being taken away.

The Biddles say they shot themselves because they knew they would be executed should they be captured.

Arbor Day Proclamation.

Austin, Feb. 1.—Governor Joseph D. Sayers has issued a proclamation requesting all people to observe Feb. 22 as a legal holiday, and that said day be devoted to the planting and cultivation of forest, shade and ornamental trees throughout the state, accompanied by such ceremonies in each community as may be deemed appropriate to the day and the occasion.

Child Burned to Death.

Laredo, Tex., Feb. 1.—A horrible death from burning occurred here, the victim being a Mexican girl 6 years old, whose clothes caught fire while engaged with a party of other children in jumping over a fire built in a trash pile. The little sufferer did not live more than thirty minutes after her clothes caught fire.

CONFERENCE ENDED.

Pan-American Congress Closes Its Session at the City of Mexico.

City of Mexico, Feb. 1.—In closing the Pan-American congress Friday afternoon Innacio Marsical, minister of foreign affairs of the Mexican government, said in part:

"Overcoming the most serious difficulties, you have successfully reached the goal of your labors, and throughout your discussions have displayed the distinguished courtesy that was to be expected from the chosen representatives of the governments of America. Receive on this account the

IGNACIO MARISCAL, VICE PRESIDENT OF MEXICO.

cordial felicitations of the Mexican government.

"But more than this you have done. For reasons more momentous you deserve the congratulations, not only of the Mexican government, but of all lovers of moral progress and justice. You have advanced, in practice, the great principle of arbitration, the peaceful and rational solution of international controversies, so as to render less frequent the barbarous appeals to force. Nevertheless, this is not the principal triumph obtained in the matter of arbitration. That triumph is undoubtedly the unanimous agreement of all the delegations, in spite of their apparently radical divergence, as to the application of that great principle, to submit for settlement to the permanent court of The Hague all controversies that may arise among the governments of America due to the claims of private individuals for indemnities and damages. As those claims, at least in America and in cases where powerful nations are involved, are without question the most frequent source of international controversies, the importance of this achievement cannot be doubted.

"Finally you have unanimously agreed to recognize the principles proclaimed by The Hague peace conference and are prepared to become parties to the conventions concluded by the conference. And in order to secure admittance to one of them you have empowered the governments of the United States and Mexico, who are among the signatory powers, to conduct the negotiations which such admittance entails. By this means all our sister nations of America will secure, among other advantages, a clear right to appeal to the eminent court established at the capital of The Netherlands whenever they have desire that it should adjudicate their controversies. In this respect you have followed the wise suggestion of the Washington government."

The minister here went on to enumerate the work of the conference in other lines outside of arbitration, and thanked the Pan-American conference for its practical results in the face of what seemed insuperable obstacles.

Continuing, Mr. Mariscal said: "Let us congratulate ourselves upon the fact that this conference, in spite of its extremely delicate mission, has given rise to no conflicts in the true sense of the word. If at times threatening clouds darkened your horizon they were soon dispelled by the potent influence of reason, by which you have all been guided, and now your labors have come to an end in the midst of serenity and peace. Mexico feels satisfied, for she had sought no other reward for her efforts."

The minister concluded with the hope that all the delegates, after returning to their native lands, would retain a kindly thought for Mexico.

Buying Seed Potatoes

Sherman, Tex., Feb. 1.—John S. I think it will be safe to say that 2000 acres of potatoes are already in sight for Grayson county this season."

New York, Feb. 1.—Orders have been given by Fire Commissioner Strugs, which abolishes the "standing room only" sign before New York theatres. It will be brought about by the enforcement of statutes providing that no persons shall stand in the aisles or passageways of public places of amusement. Commissioner Strugs' order calls on the various fire captains to enforce the order.

DRAY LINE, F.
A. Lee, Proprietor.
Good drays and
polite draymen,
prompt and care-
ful work, are the claims upon which we solicit a share
of your business in the future. Thanking those who
have favored me in the past and hoping to continue
to please them, I am respectfully,

F. A. LEE.
